- Access scaffold
- Support scaffold
- Roof scaffold
- Façade scaffold
- Demolition scaffold

Refurbishment and regeneration of this Manchester City Centre Night Club was required. Therefore we installed a fully boarded access scaffold to enable the full refurbishment of all existing elevations. One of these elevations was located on Swan Street in Manchester.

Internal scaffold was required to the light wells. This necessitated access through and over the building structure with scaffold materials.

Bolton Scaffolding, safely bringing everything within reach.
